**Subject:** EIP HF Paper  
**Attachments:** Fracking-Beyond-the-Law.pdf

FYI – Please find attached a copy of the EIP report on HF. Since this was attached to our correspondence from EIP, I'm assuming that you also got a copy of it but am providing it you just to be safe. Please note the table on page 15 that lists Halliburton well products which EIP says contain diesel based on a comparison of the EPA CAS numbers to the product's MSDS.
